

\$1,500.00 Tax Credit!

President Obama has signed
"The American Recovery and Reinvestment Act of 2009"

Take advantage now by replacing your old worn out windows and doors with new high performance energy efficient windows from

What is the tax credit for existing windows?

- The existing home incentives are now calculated at 30% of the cost of the windows up to a \$1,500.00 cap. (Not including installation).

What are the criteria for the Federal tax credit?

- Replacement windows which are equal to or below a 0.30 U-Factor and a solar heat gain coefficient of 0.30

Do CWS windows qualify for the incentive tax credit?

- **YES!** All of CWS Vinyl series windows, non-impact and impact can qualify for the new \$1,500.00 tax credit. This is possible only with the combined technology of Cardinal LoE 270 or LoE 366 glass, argon gas and our high performance, multi-chambered energy efficient frames.

Also, don't forget that the ENERGY SAVINGS alone will payback up to 30% a year!
