Please contact Earth Weave Carpet Mills, Inc. to verify specifications. Yarn lot variances occur in natural fiber carpets, therefore, actual merchandise is not guaranteed to match your samples. Natural fiber carpets vary in texture and color. Slight variances in texture and color are normal and do not constitute a manufacturing defect. As with all quality natural fiber carpets, vacuuming with a suction only vacuum cleaner is recommended. Beater bar vacuum cleaners may damage the surface pile of this product. Proper vacuuming on a regular basis will increase performance. Use only a wool approved cleaner for removing stains. Do not vigorously rub the affected area. Lightly blot area instead. If stains persist contact a professional cleaner and be sure they use cleaners designed for wool and natural fibers.
