

LED-HID Retrofit Demo Kit

All of our demo kits come in a sturdy metal case fully assembled and tested and ready for your next presentation. There is room inside for sales materials, contracts, pens, business cards etc.

Since these kits will be used for demonstration only they are backed by a lifetime warranty against failure. If at anytime one or more LED's go out or the kit fails to light send it back and we will immediately replace it.

Call your distributor for a RGA#. This warranty does not cover abuse and is null and void if the electronics have been opened or altered in any way.

The SK -400 includes one HTS-9 and one HTS 9a and a KW meter, so you can demonstrate 100W output (with HTS-9a), 250W output (with HTS-9) or 400W output (both lights on) .

Cost is \$695.00 plus freight and tax, where applicable.
