

All in One Solar Lights - Wholesale Prices

Product	Image	Model NO.	Features	Specification	Wholesale Price (Freight is additional)			Packing details
					1~10pcs	10~100pcs	>100pcs	
4W LED smart solar light	 	SW-L12-4W	panel,and the solar panel installation angel is adjustable 2. LED Lamp :4W,Led chip Brand:Bridgelux, Lumen:500-720LM 3. Battery:LiFePO4 battery 10AH/3.2V 4. Install height: 3-6m 5. Work mode: Six smart working modes and coming with a remote control	1. Sensor: Distance :5-8m 2. Sensing Angel: 140deg(V) * 360Deg(H) 3. Charge time: 6 hours 4. Lighting time: 36Hours Remote control mode: Light control mode,Microwave sensor control mode,TimeMode,Microwave mode + Timing Mode,Demo mode and OFF Mode. 6-8 hours full charge by sun 2-3 nights lighting from full battery	\$144	\$134	\$128	2pcs/ carton 450*340*290mm G.W.:11kg
8W LED smart solar light		SW-L25-8W	1. Solar panel: 25W mono crystalline solar panel,and the solar panel installation angle is adjustable 2. LED Lamp :8W,Led chip Brand:Bridgelux, Lumen:1000-1200LM 3. Battery:LiFePO4 battery 20AH/3.2V 4. Install height: 3-6m 5. Work mode: Six smart working modes and coming with a remote control		\$210	\$198	\$190	2pcs/ carton 490*385*300mm G.W.:14kg
12W LED smart solar light		SW-L40-12W	1. Solar panel: 40W mono crystalline solar panel,and the solar panel installation angel is adjustable 2. LED Lamp :12W,Led chip Brand:Bridgelux, Lumen:1400-1700LM 3. Battery:LiFePO4 battery 10AH/9.6V 4. Install height: 3-6m 5. Work mode: Six smart working modes and coming with a remote control		\$280	\$270	\$264	2pcs/ carton 690*435*255mm G.W.:18kg
20W LED Solar street light	 	SW-SL50-20W	1. Solar panel: 50W mono crystalline solar panel,and the solar panel installation angel is adjustable 2. LED Lamp :20W,Led chip Brand:Bridgelux, Lumen:2500-2800LM 3. Battery:LiFePO4 battery 16.5AH/12.8V 4. Install height: 5-8m 5. Work mode:light control	1. Charge time: 6 hours 2. Lighting time: 36Hours Lighting Mode: 100% brightness for the first hour, 70% brightness for another 4 hours, and turn to 20% brightness to the morning. 6-8 hours full charge by sun 2-3 nights lighting from full battery	\$532	\$514	\$504	Solar Panel carton:675*605*67mm Lamp body carton:725*357*280mm Net Weight::14.5KG Gross Weight:20kg
30W LED Solar street light		SW-SL65-30W	1. Solar panel: 65W mono crystalline solar panel,and the solar panel installation angel is adjustable 2. LED Lamp :30W,Led chip Brand:Bridgelux, Lumen:3600-4200LM 3. Battery:LiFePO4 battery 26.6AH/12.8V 4. Install height: 5-8m 5. Work mode:light control		\$704	\$680	\$670	Solar Panel carton:730*670*72mm Lamp body carton:725*357*280mm Net Weight:15KG Gross Weight:21.5KG
40W LED Solar street light		SW-SL80-40W	panel,and the solar panel installation angel is adjustable 2. LED Lamp :40W,Led chip Brand:Bridgelux, Lumen:5000-5600LM 3. Battery:LiFePO4 battery 33AH/12.8V 4. Install height: 5-8m 5. Work mode:light control		\$880	\$860	\$840	Solar Panel carton:870*750*80mm Lamp body carton:740*360*300mm Net Weight: 25Kg Weight: 26kg
4W LED Solar Light with Remote control	 	SW-L8R-4W	1. Solar panel: 8W crystalline solar panel 2. LED Lamp : 4W, 64pcs LED,Lumen:440-500LM 3. Battery:LiFePO4 battery 6.4V 4.5Ah 4. Install height: 2-4m, Pole distance: 10-12m 5. Work mode:two smart working modes and coming with a remote control 6. Dim mode: 1.2W, Bright mode: 4W 7. Come with PIR sensor 8. Dimension: 367 X 205 X 55 mm	Lighting mode: 8 hours per night. Select lighting mode and On/Off by Remote control 6-8 hours full charge by sun 2 nights lighting from full battery	\$110	\$106	\$104	5pcs / carton 44X43X28cm. 10 kgs. 2500 pcs / 20'C 0.053 CBM / CARTON
4W LED Solar Yard Light		SW-L8-4W	1. Solar panel: 8W crystalline solar panel 2. LED Lamp : 4W, 64pcs LED,Lumen:440-500LM 3. Battery:LiFePO4 battery 6.4V 4.5Ah 4. Install height: 2-4m, Pole distance: 10-12m 5. Work mode: Motion sensor and light control 6. Dim mode: 1.2W, Bright mode: 4W 7. Come with PIR motion sensor 8. Dimension: 367 X 205 X 55 mm	Lighting mode: 8 hours per night. Dim mode lighting for 8 hrs, bright mode for 1 min when movement sensed 6-8 hours full charge by sun 2 nights lighting from full battery	\$106	\$104	\$100	5pcs / carton 44X43X28cm. 9.8kgs. 2500 pcs / 20'C 0.053 CBM / CARTON
8W Solar Security/Sensor Light		SW-L3A-8w	1. Solar panel: 3W Amorphous solar panel 2. LED Lamp : 8W, 112pcs LED,Lumen:880-900LM 3. Battery:Li-ion Battery 7.4V 1.8 Ah 4. Install height: 2-4m, Pole distance: 10-12m 5. Work mode: Motion sensor and light control 6. Comes with PIR motion sensor 7. Dimension: 367 X 205 X 55 mm	Lighting mode: 8W LED Lighting for 1 min when people pass by, then off. 8-10 hr full charge by sun 80 times of lighting @ full battery	\$70	\$66	\$64	5pcs / carton 44X43X28cm. 9.3kgs. 2500 pcs / 20'C 0.053 CBM / CARTON
6W all in one Solar garden light		SW-A6SL	1.Solar panel: 10W crystalline solar panel 2.LED Lamp : 6W,Led chip Brand:Epistar2835 Lumen:600-650LM 3.Lithium battery :4AH, LiFePO4 4.Installation height:2-2.5m 5.Work mode:Motion sensor and light control	1. LED life time>50,000 Hrs , 2. color Temperature:2800-6500K 3. charge time:7 hours, 4. working time:5-7hour cloudy and raining day	\$96	\$90	\$86	1.Product size:380*220*50mm 2.N.W/G.W:3kg/4kg 3.Carton size:430*260*100mm 4.Quantity/carton:15Set

12W all in one solar garden light		SW-A12SL	1.Solar panel: 25W18V crystalline solar panel 2.LED Lamp : 12W, Led chip Brand:BridgeLux, Lumen:1200-1280LM 3.Lithium battery :10AH 12V, LiFePO4 4.Installation height:3-4m 5.Work mode:Motion sensor and light control	working time:5~7days cloudy and raining days. 4. Motion sensor and light control 5. Certificate: CE,Rohs,IP65	\$220	\$206	\$196	1.Product size:420*350*55mm 2.N.W/G.W:5kg / 5.3kg 3. Carton size:520*400*130mm 4.Quantity/carton:1Set 5.Container:25sets/20'
20W all in one solar street light		SW-A20SL	1.Solar panel: 65W18V crystalline solar panel 2.LED Lamp : 20W, Led chip Brand:BridgeLux, Lumen:2100-2200LM 3.Lithium battery :26AH12V, LiFePO4 4.Installation height:4-6m 5.Work mode:Motion sensor and light control	1. LED life time:50,000 Hrs , 2. color Temperature:2800-6500K 3. charge time:7 hours, 4. working time:5~7days cloudy and raining days. 5. Motion sensor and light control 6. Installation height:5-6m 7. Certificate: CE,Rohs,IP65	\$596	\$560	\$546	1.Product size:1210*340*45mm 2.N.W/G.W:17kg / 18kg 3. Carton size:1320*400*200mm 4.Quantity/carton:1Set 5.Container:208sets/20',450sets/40'
25W all in one solar street light		SW-A25SL	1. Solar panel: 65W 18V crystalline solar panel 2. LED Lamp :25W, Led chip Brand:BridgeLux, Lumen:2500-2600LM 3. Lithium battery :28AH 12V, LiFePO4 4.Installation height:4-6m 5.Work mode:Motion sensor and light control	1. LED life time:50,000 Hrs , 2. Color Temperature:2800-6500K 3. Charge time:7 hours, 4. working time:5~7days cloudy and raining days. 5. Motion sensor and light control 6. Installation height:5-6m 7. Certificate: CE,Rohs,IP65	\$676	\$636	\$624	Bluetooth function need 70USD more
30W all in one solar street light		SW-A30SL	1.Solar panel: 70W18V mono crystalline solar panel, Solar cell brand:SUNPOWER 2.LED Lamp : 30W, Led chip Brand:BridgeLux, Lumen:3100-3200LM 3. Lithium battery :30AH12V, LiFePO4 4.Installation height:7-8m 5.Work mode:Motion sensor and light control	1. LED life time:50,000 Hrs , 2. Color Temperature:2800-6500K 3. Charge time:7 hours, 4. working time:5~7days cloudy and raining days. 5. Motion sensor and light control 6. Installation height:7-8m 7. Certificate: CE,Rohs,IP65	\$754	\$710	\$696	1.Product size:1210*340*45mm 2.N.W/G.W:17kg / 18.5kg 3. Carton size:1320*400*200mm 4.Quantity/carton:1Set 5.Container:208sets/20',450sets/40'
40W all in one solar street light		SW-A40SL	1.Solar panel: 70W18V mono crystalline solar panel,Solar cell brand:SUNPOWER 2.LED Lamp : 40W, Led chip Brand:BridgeLux, Lumen:4000-4200LM 3.Lithium battery :30AH12V, LiFePO4 4.Installation height:7-8m 5.Work mode:Motion sensor and light control	1. LED life time:50,000 Hrs , 2. Color Temperature:2800-6500K 3. Charge time:7 hours, 4. working time:5~7days cloudy and raining days. 5. Motion sensor and light control 6. Installation height:7-8m 7. Certificate: CE,Rohs,IP65	\$792	\$748	\$732	Bluetooth function need 70USD more
50W all in one solar street light		SW-A50SL	1.Solar panel: 86W18V mono crystalline solar panel,Solar cell brand:SUNPOWER 2.LED Lamp : 50W, Led chip Brand:BridgeLux, Lumen:5100-5200LM 3.Lithium battery :40AH12V, LiFePO4 4.Installation height:7-9m 5.Work mode:Motion sensor and light control	1. LED life time:50,000 Hrs , 2. Color Temperature:2800-6500K 3. Charge time:7 hours, 4. working time:5~7days cloudy and raining days. 5. Motion sensor and light control 6. Installation height:7-8m 7. Certificate: CE,Rohs,IP65	\$1,032	\$972	\$956	1.Product size:1210*450*45mm 2.N.W/G.W:20kg / 23.6kg 3. Carton size:1320*500*200mm 4.Quantity/carton:1Set 5.Container:166sets/20',360sets/40'
60W all in one solar street light		SW-A60SL	1.Solar panel: 86W18V mono crystalline solar panel,Solar cell brand:SUNPOWER 2.LED Lamp : 60W, Led chip Brand:BridgeLux, Lumen:6100-6300LM 3.Lithium battery :45AH12V, LiFePO4 4.Installation height:8-11m 5.Work mode:Motion sensor and light control	1. LED life time:50,000 Hrs , 2. Color Temperature:2800-6500K 3. Charge time:7 hours, 4. working time:5~7days cloudy and raining days. 5. Motion sensor and light control 6. Installation height:7-8m 7. Certificate: CE,Rohs,IP65	\$1,112	\$1,050	\$832	Bluetooth function need 70USD more
70W all in one solar street light		SW-A70SL	1.Solar panel: 90W18V mono crystalline solar panel,Solar cell brand:SUNPOWER 2.LED Lamp : 70W, Led chip Brand:BridgeLux, Lumen:7100-7300LM 3.Lithium battery :50AH12V, LiFePO4 4.Installation height:9-12m 5.Work mode:Motion sensor and light control	1. LED life time:50,000 Hrs , 2. Color Temperature:2800-6500K 3. Charge time:7 hours, 4. working time:5~7days cloudy and raining days. 5. Motion sensor and light control 6. Installation height:7-8m 7. Certificate: CE,Rohs,IP65	\$1,156	\$1,086	\$1,060	1.Product size:1210*450*45mm 2.N.W/G.W:20kg / 23.6kg 3. Carton size:1320*500*200mm 4.Quantity/carton:1Set 5.Container:166sets/20',360sets/40'
80W all in one solar street light		SW-A80SL	1.Solar panel: 100W18V mono crystalline solar panel,Solar cell brand:SUNPOWER 2.LED Lamp : 80W, Led chip Brand:BridgeLux, Lumen:8100-8300LM 3.Lithium battery :60AH12V, LiFePO4 4.Installation height:9-12m 5.Work mode:Motion sensor and light control	1. LED life time:50,000 Hrs , 2. Color Temperature:2800-6500K 3. Charge time:7 hours, 4. working time:5~7days cloudy and raining days. 5. Motion sensor and light control 6. Installation height:7-8m 7. Certificate: CE,Rohs,IP65	\$1,230	\$1,160	\$1,138	Bluetooth function need 70USD more

Solar Street Light All-in-One Advantages:

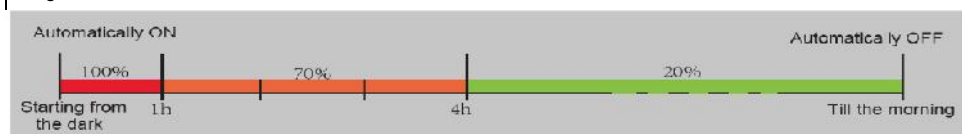

1. Adjustable Solar Panel: Light up any location thanks to a fully adjustable solar panel that maximizes power generation wherever it is installed. (Horizontal direction adjustable 360°, Vertical direction adjustable -45°~+45°) 18% MonoCrystalline 20-25 years lifetime.

2. Lithium Battery integrated (340Wh)

Built in battery with extended 5-7years lifetime eliminates mains wiring and reduces maintenance costs.

3. Light control mode.

4. Quality Structure: Made from zinc plated aluminum alloy and it is anti-rust corrosion, solid and firm.

5. No wiring required, easy installation: Shipped with three parts for simple 5 minutes easy installation with no need for extra wiring.
