Guarantee

For Structural Defect (pull apart, delaminated, crack and separated), lifetime in residential applications and 15 years for commercial uses, the Aluminum Oxide Finish on our flooring products will not wear through, crack, separate or peel for 25 years from the date of purchase in residential applications under normal conditions and 10 years in commercial applications. Moldings are not covered under this warranty. Our Flooring is not heating flooring; this type of installation is also not covered under warranty.

If any client installs our flooring, and then later the flooring gets a finish problem such as bubble, white, peel and pin hole and wrinkling and there is not installation error, please email us a written report and some detailed photos, if necessary, please also send us 2-3 pieces by express at no cost to you, once the defect is identified and the planks do be ours, we will replace for free. In addition, if we send you a container and you do find bad flooring (crack, delamination and cup) among these before sales, please give us some pictures and we will replace all bad flooring for free. As long as the defective or bad flooring is proved to be ours finally, we will replace for free.
