

SOLAHART THERMOSIPHON SYSTEMS
Thermosiphon Frames (for tank and collector)
Suitable for all Solahart Thermosiphon series

Fixed Pitch Frames	Wind Region	Sales BOM ordered	Kits supplied				
			1210 6103	1210 6897	1210 6898	1210 3997	1210 6868
Solahart Thermosiphon							
150 tank – 1 collector 180 tank – 1 collector 220 tank – 1 collector	up to C	1 x 340301	2	1	-	-	-
180 tank – 2 collectors 220 tank – 2 collectors	up to C	1 x 340303	3	-	1	1	-
300 tank – 2 collectors	up to C	1 x 340302	3	-	1	-	-
300 tank – 3 collectors 440 tank – 3 collectors	up to C	1 x 340333	5	1	1	-	1
440 tank – 4 collectors	up to C	1 x 340334	6	-	2	-	1

Note: *Fixed Pitch* frames (17.5° pitch) are for installations on flat roofs or low pitch roofs up to 10° which are too low for the installation of a solar thermosiphon water heater. They can be installed on a pitched roof to increase the system inclination up to 45°C.

Fixed Pitch Frames
(for flat / low pitch roofs)

With Pitch Frames
(for pitched roofs)

With Pitch Frames	Wind Region	Sales BOM(s) ordered	Kits supplied		
			1210 6910	1210 6911	1210 6912
Solahart Thermosiphon					
150 tank – 1 collector 180 tank – 1 collector 220 tank – 1 collector	up to D	1 x 340305	1	1	-
180 tank – 2 collectors 220 tank – 2 collectors 300 tank – 2 collectors	up to D	1 x 340306	2	-	1
300 tank – 3 collectors 440 tank – 3 collectors	up to D	1 x 340305 + 1 x 340306	3	1	1
440 tank – 4 collectors	up to D	2 x 340306	4	-	2

Note: *With Pitch* frames are for installations on pitched roofs over 10° in Wind Regions C, D, or on pitched roofs over 30° in Wind Regions A, B.
