

Eco-\$mart Strand Woven Bamboo Flooring – E0 Emissions

Test Data:

	Test Item	Test Standard	Test Result
Physical Test	Moisture Content %	6.0—14.0	9.2
	Taber Abrasion g/100r	≤0.08	0.05
	Static Bending Strength	≥98	120.9
	Formaldehyde Emission mg/L	E0≤0.5	0.4
	Impact Resistance kg/m2		142.2
	Rigidity Mpa	≥55.0	67.7
	Average density (g/cm3)		1.03
	Water absorbing expanding per 24h(%)		1.4

Eco-\$mart, Inc. is a one-stop green construction supply company, in business since 1993. We are proud to offer our new line of strand woven bamboo flooring. In addition to meeting the world's most strict standard (E0) for harmful emissions, all our flooring is finished with German brand "Treffert" UV coating that possesses the excellent performance characteristics of low friction and high scratch resistance. The size of all our flooring is 72.8" x 5.6" x 0.55", tongue / groove, 22.6 sf per carton. Material Warranty: Lifetime Residential, 15 Years Commercial. Finish Warranty: 25 Years Residential, 5 Years Commercial. Available in the following colors:
