Photovoltaic PV Solar Electric Grid-Tie Price List

Retail Price:

Systems consist of SunTech STP210-18/UB Modules, UniRac SolarMount Frame, and SunnyBoy Inverter
Standard price includes modules mounting on single story AS shingle roof, with a wire run up to 100ft to power Distribution Panel; complete installation. (See String Sizing Sheet for pricing & configurations)

Rebates: Florida DEP Rebate - \$4.00/Watt Cash Rebate w/\$2000 min and \$20,000 max
Federal Income Tax Credit (Not deduction) 30% of Retail after other rebates

Options:

Wire Run over 100Ft varies Request Quotation

Roof Rack \$0.50 per watt
Includes: Aluminum sub-frame and UniRac SolarMount frame

Ground Rack \$0.75 per watt
Includes: UniRac UL/A Mouning sub-frame and UniRac SolarMount frame w/concrete footings, complete installation (Trenching extra).

Trenching \$4.17/Ft for Loomis/Sandy Soil
\$6.94/Ft for Heavy Roots, Clay or Coral
Includes: Trenching and backfilling, conduit and wire; complete installation.

Roofs over 1 Story \$250 per additional Story
Roofs over 2 Story \$350 per additional Story
Roofs over 5/12 \$250 Flat Rate plus \$10 per module
Roofs over 6/12 \$350 Flat Rate plus \$15 per module

Additional Arrays \$155 per Array
Rails parallel:module length \$19 per module

FT or BT Tile Roof \$25.00 per module
M Metal Roof \$10.00 per module; Standing Seam using S5! Requires Quote
BUG Built Up Gravel Roof \$15.00 per module
AM Asphalt Modified Roof n/c Note: if curbs are required ask for quote
RM Rubber Modified Roof varies Request Quotation
WS, S, AT Roofs varies Request Quotation

Battery Storage See Battery Backup Kit Sheet
