

# PourUsPave Detail

ECO friendly porous paving made with recycled tires

## STANDARD ELEVATION DETAIL

Note: The 3" of clean #stone is a recommendation for creating a reservoir for holding stormwater. The actual calculation of the volume needed for managing stormwater is a function of the design professional

This drawing is the property of PourUSPave designs. The drawing is being furnished for information only. The use does not represent an engineers certification of required local building codes or regulations unless it has been approved by local authorities

PourUsPave

Trails, Paths, Sidewalks, Tree Surrounds, Erosion Control, Trench Drains
